PEACE IN SIGHT.

The Powers Conclude That War Must Cease

And Are Acting in Accordance With This View.

Grecians Recover From the First Shock of Defeat.

Will Continue to Oppose Turkish Invasion Until the Powers Call the Halt.

ATHENS, April 26. — Although Crown Prince Constantine hopes to assemble 30,000 men at Pharsala, it is certain he will be unable to fight a battle in that vicinity. Instead he will be forced to retreat to the Othris mountains, about twenty miles nearer Athens.

These mountains form the border of the Thessalian basin, the northern boundary of which was forced by Edhem Pasha at the Milouna Pass. The other sides of the basin are formed by the Hindis mountains on the west and the Gulf of Volo in the east.

Many foreign military experts believe the Greek army will melt away during a further retreat. It is now reported in this city that the Turks have pillaged Larissa. Owing to the nature of the stampede there when the news arrived that the Turks were closing in on the city, it is doubtful if the Greeks succeeded in removing their wounded. Citizens here fear that many of these unfortunate men have been massacred.

The powers have already exchanged views on the situation in Thessaly. Russia, however, has declared that no kind of intervention is possible before the Turks have thoroughly established their position. The losses during the recent fighting near Larissa are believed to be very heavy. General Smolentzki's brigade has fallen back on Karitza to protect the left wing of the Greek army.

INTERVENTION MAY END THE WAR.

LONDON, April 26.—Great Britain has taken the initiative for intervention by the powers in the Turko-Grecian war, and as a result the declaration of an armistice this week is a possibility.

In diplomatic circles the belief is openly expressed that before May arrives the war will have been ended through this means.

It is stated that the foreign office has sent an identical letter to each of the powers asking for their co-operation, and that Germany, France and Italy have already returned favorable answers. As a condition, however, Germany insists that Greece must promise obedience in the future to any mandate from the powers.

Dispatches from Athens indicate a growing feeling favorable to the cessation of hostilities. This, however, is in the face of an official statement from the government that a further advance of the Turks will be strenuously resisted. The new line of defense occupied by the Grecian army is held to be far stronger than that on the frontier, from which a retreat was ordered.

AGREEMENT BETWEEN RUSSIA AND AUSTRIA.

BERLIN, April 26.—The Tageblatt announces that a definite agreement has been reached between Russia and Austria concerning Turkey. The terms of the agreement are that the Sultan shall renounce Crete, that the Czar shall be given a coaling station at Suda bay on that island and that in return Russia shall guarantee the integrity of Turkey. The advantage of this arrangement to the nations interested is obvious. Russia, in command of one of the most important ports of Crete, will be greatly strengthened in the line of her coveted advance toward the south. Turkey with the formidable power of the white Czar behind her will have secured almost beyond the possibility of disaster, a position from which she can rule her troublesome subjects without fear of revolt by the absence of hope of foreign interference. She would be more than willing that Russia should assume such a post of protectorate over her empire.

To this agreement Austria, France and Germany will, it is understood, give their consent. England alone has not made known her views on this question. In the best informed quarters, however, it is believed that a very strong protest will be certain to come from the court of St. James. Emperor William's share in the proposed arrangements has been considerable. When at Vienna he acted as intermediary between Russia and Austria. Not the least of the results of his mediation will be the approaching trip of Emperor Francis Joseph, of Austria, to St. Petersburg. Among diplomats this visit will have a determining influence upon the settlement of the eastern crisis.

CAMPAIGN IN EPIRUS.

CONSTANTINOPLE, April 25.—(Delayed)—The news sent from Janina, Epirus, by the foreign consuls shows the situation there to be precarious. The consuls have barricaded their residences and troops have been dispatched from Monastir against the mutinous Albanians.

ATHENS, April 25.—(Midnight.)—The spirits of the Athenians are rallying from the shock they experienced on receipt of the news of the retreat of the Greek army from Larissa to Pharsalos and the talk of persevering with the war is more general. The newspaper comments are as a rule more hopeful and people are beginning to recognize that the situation is not as critical as at first supposed.

A detachment of 250 Garibaldians have left this city for Epirus, but Ricciotti Garibaldi remains here to organize the Italian volunteers, who are constantly arriving.

Colonel Manson, the commander of the Greek troops operating against the Turks in Epirus, is preparing to leave Arta and resume the march upon Janina.

ATHENS, April 26.—Dispatches received here from Arta, dated Saturday evening, announce that detachments of Greek troops were leaving there for Filipiada.

THE CAMPAIGN IN THESSALY.

LONDON, April 26.—A special dispatch from Salonica says that Edhem Pasha, the Turkish commander in Thessaly, will probably attack the port of Volo, which is crowded with panic stricken refugees from Tyrnavos and Larissa.

ROME, April 26.—The Messagero today publishes a dispatch from Salonica saying that the bombardment of that place today by the Greek fleet is believed to be probable.

LONDON, April 26.—The Daily Graphic today publishes a dispatch from Larissa, dated Thursday, saying that General Macris, the virtual commander-in-chief of the Greek forces, has resigned and has been succeeded by General Mavromichalis.

ATHENS, April 26.—Advices received here from the correspondent of the Associated Press with the Turks at Larissa, says that the quantity of military stores abandoned by the Greeks at Tyrnavos and other places proves that they did not retreat, but fled precipitately. The Greek government has demanded of the directors of the Thessalian railroads that they continue the service of the Volo-Larissa railroad. If the directors refuse the government will occupy the line with troops. Three steamers have been sent from here to Volo to bring away the women and children who have sought refuge there. In official circles here it is not believed that Volo is in danger, at present and the Greek fleet is relied upon to protect the port in case of necessity.

LONDON, April 26.—The officials of the Turkish embassy here have received a dispatch from Constantinople, dated Sunday, April 25, as follows:

"The imperial troops captured at Tyrnavos large quantities of rifles, ammunition, cannon and provisions. The Greek prisoners were sent to Elassona. The town of Tyrnavos has been surrounded by military cordons and detachments of Ottoman cavalry are continually patrolling that vicinity. Efficient measures have been taken to avoid any kind of depredations upon the part of troops, whose correct conduct, however, has excited the admiration of all foreigners on the spot."

A dispatch has been received here from Constantinople confirming the announcement that the lamps of all the lighthouses about the Gulf of Salonica have been extinguished by order of the Turkish authorities, and adding that vessels visiting Salonica will be required to take on board pilots while going in and out of the bay, on account of the submerged torpedoes.

MULE DIED.

Wabash Locomotive Makes Short Work of the Equine.

Two Lads Jump From a Wagon and Barely Escape With Their Lives—Four Year Old Lad Run Down by a Bicyclist.

About noon today two lads were driving a mule over the Wabash crossing at Taylor street, and so occupied were they in the surroundings that they did not notice the approach of a freight train. Before they could drive out of harm's way the cow catcher caught the mule and killed it almost instantly. The wagon was wrecked. By strange good fortune the boys escaped unhurt.

BICYCLE ACCIDENT.

The four-year-old son of L. P. Hulburd, of 69 Columbia avenue, was run down by a lady bicyclist in front of his home this morning. The lad was playing on the sidewalk at the time and the rider was violating the law by using the walk for a thoroughfare. The officers will hereafter be strict in the enforcement of this law.

FINGERS MASHED.

F. B. Stacy, of 228 West Wayne street, a brakeman on the Nickel Plate road, had the first two fingers of his left hand mashed and will be kept from duty for some time.

THEY REBEL.

Ball Players Kick Against the Magnates.

Will Revise the Rules, Eliminating Some of the Most Objectionable Features.

ST. LOUIS, April 26.—"If 'coming events cast their shadows before,' the end of the baseball season just commenced will witness one of the strongest coalition of players that has ever existed, not excepting the brotherhood which seceded from the magnates and organized a league of its own. The peculiar conditions existing between the players and the magnates are responsible, primarily the reserve rule, which converts a skillful ball player into a chattel, who can be sold and be forced to play with a team obnoxious to him and with no voice in the matter; the agreement between the club owners regulating salaries; the power to fine, suspend and discipline a player with no redress to the performer from consequent loss of salary and several other grievances, among which are the docking of men when unable to play from injuries received in the game, are the causes which are compelling the active agents pastime to band together for self preservation. The players believe, and with the best of reasons, too, that with the support of the men who constitute the strength of the various teams as an organized body behind them, that the rights of individuals would command a consideration that does not now exist. This sentiment is growing fast and the trail of the Chicago's lies over it all. Just why this team should be the crusaders in the movement it is hard to say. Capt. Anson is well aware of the feeling which exists. "Of course, I know there is a revolt," he said, when approached today. "Clark Griffith is at the head of the mutineers on the Chicago team and he has some willing lieutenants. They have been doing missionary work in Cincinnati and I understand intend to try it here, but let me say this,' and the captain's face took on a serious expression, 'the ring leaders are known. The league has spotters everywhere and no steps can be taken without the club owners being posted as to every detail. He intimated that it would be unpleasant for the player who became too zealous in this reform movement. 'The brotherhood, the captain said in conclusion, 'is still enough of a recent disaster to cite as an instance of the big league's ability to hold its own and weather all gales stirred up by players.' Clark Griffith, the pitcher of whom Captain Anson was so open in speaking of the big chief of kickers is the only man on the White Stocking team who has not written his name on a contract. It is understood that Griffith is holding out for $3,500. In conversation, three or four of the Chicago players admitted that they expected to keep up the work and lose no opportunity to gain converts. The men would not say what policy they would follow in the case if the magnates declined to hear their grievances and satisfy or partly satisfy their requests.

STARVING TO DEATH.

Deplorable State of Affairs in Pinar Del Rio.

Living Skeletons in Bark Huts Waiting and Praying for Death to Relieve Them From Suffering.

HAVANA, April 26.—Private letters from the interior report wholesale starvation. Some of the cases are especially heartrending. Children are dying in the streets of Matanzas and babies have been found dead in the arms of their exhausted mothers. Your correspondent has been through the province of Pinar del Rio and has seen whole villages of living skeletons in bark huts, praying for death to release them from their sufferings.

FOUR DROWNED.

A Farm Wagon Spills Its Occupants in a Creek.

JACKSON, Mo., April 26.—An accident occurred here last evening, resulting in the drowning of four persons. Joseph Johnson was coming to town in a covered wagon, accompanied by Mrs. Bugg, her five-year-old son and her baby and Miss Minnie Frazier. Johnson attempted to ford a creek just south of the city which was much swollen, when the wagon was overturned. Johnson swam to the bank, but the remainder of the party were drowned.

NO ELECTION.

Kentucky Further Postpones Her Choice of a Senator.

FRANKFORT, Ky., April 26.—Only a formal ballot with one vote for each candidate was taken in the senatorial race today. The agreement was reached because of numerous pairs that do not expire till Wednesday, on which day Deboe says he will surely be elected.

Legislation Postponed.

WASHINGTON, April 26.—Both houses of congress adjourned promptly today without transacting any business, under agreements that nothing shall be done legislatively until next week.

Broke the Record.

YOUNGSTOWN, Ohio, April 26.—"Tillie" Anderson, the Chicago racer, broke the half mile woman's record, flying start, at 10:30 this morning. She rode the distance in fifty-two and three-fifth seconds. Her former record was fifty-three and two-fifth seconds. She was paced by a tandem. The course was straight away.

GLESSNER'S CASE

On Trial to a Jury in the Circuit Court.

Charged With Conspiracy and Blackmail—The Courts Occupied In Their Busy Grind.

At the March term of the circuit court indictments were returned by the grand jury against Charles A. Glessner, the alleged Fort Wayne correspondent for the disreputable Kansas City Sunday Sun, which formerly circulated here but which has since been suppressed, and Jos. A. Gruber, for conspiracy and blackmail, charging the defendants with having extorted money from Valorius Brown, David N. Nickey and others by threatening to publish articles in the columns of the Sun concerning them. The facts upon which the indictments are based have been given in THE SENTINEL and the other city papers some weeks ago, and are familiar to most of our readers.

The cases were to have been tried before Judge O'Rourke, but the defendants asked for a change of judge, and Judge Vaughn, of Bluffton, was sent here to sit on the bench during their hearing. The first of the cases, the one against Glessner, was called at 2 o'clock this afternoon in the circuit court, and Judge Vaughn and the regular jury were on hand. The defendant was represented by Elmer Leonard and Robert B. Dreibelbiss, and the state by Prosecuting Attorney N. D. Doughman.

COURT NEWS.

Alpheus D. Reusburger sues for a divorce from Carry A. Reusburger. The Leonards are attorneys for the plaintiff.

Judge Heller, of Decatur, and a jury are hearing the case of Notestine against Alden, in the superior court. The case is to set aside a conveyance and sheriff's deed.

Justice France fined Thomas Howden $2 and costs for assault and battery on his wife.

Virgil Rachan was arrested on the charge of bastardy preferred by Margaret Lamolle. The warrant was sworn out in Justice France's court.

Judge L. M. Ninde has filed a plat of a new addition in South Wayne. It contains fifty lots and adjoins his homestead property. These lots front on South Wayne avenue, Kinnaird avenue, Wildwood avenue and Fairfield avenue.

OVER THE DAM.

Four Young People Plunge to Their Death.

FALLS, Ky., April 26.—News was brought here from Park Mills, ten miles distant in the mountains, of the drowning of four young people who were out skiff riding. Matt McKee and John Davis and Misses Maggie and Minty Sheppard are the names of those who are reported to have lost their lives. They ventured too near the mill dam and the current swept them over the falls in spite of the almost superhuman efforts of the young men who were rowing. It is said that the bodies were recovered in a few hours after the accident.

A Scholar Dead.

SYRACUSE, N. Y., April 26.—Dean John Raymond French, vice chancellor of Syracuse university, died at his home in this city today. He was seventy-two years old. He was regarded as one of the best mathematicians in the world. He had been connected with Syracuse university since 1871.

Sugar King Dead.

NEW YORK, April 26.—Theodore A. Havemeyer, vice president of the American Sugar Refining company, died at an early hour this morning at his home in this city.

LOCAL LINES.

Saturday evening the Clover Leaf Temperance club gave a delightful surprise party at George V. Mong's, at his home, 32 Riverside avenue, it being his twenty-first birthday anniversary.

The concert given by the young ladies of the International Business college was a decided success. The music, speaking and acting of the young ladies were very fine. The hall was crowded.

The Linden quartet has been engaged to sing at the high school commencement exercises to be held at Antwerp, Ohio, next Friday evening. The reputation of this popular musical organization is by no means purely local.

It Seemed All Right.

"Mr. Gibbons," said the teacher of the class in rhetoric, "point out the absurdity in this figure of speech, 'At this time the Emperor Frederick hatched out a scheme,' etc." "It seems to me all right," replied the young man after some reflection. "It does? Explain, if you please, how he could have 'hatched out a scheme.'" "Well, he might have had his mind set on it."—Household Words.

GREEKS DRIVEN BACK

Forced to Give Up Their Position at Larissa.

The Turks are Now in Possession of the City—Fighting That Led up to the Battle at Mati.

LONDON, April 26.—The special correspondent of the Daily Mail writing from Milouna, thus described the fighting which led up to the battle at Mati:

"Early Friday morning Nichat Pasha's division occupied the hill of Kritiri. This was the last Greek position on the road to Larissa. The enemy was driven from it by Edhem Pasha's dextrous flank movements. We had not to expend the lives of Turkish soldiers in storming it. The position was almost impregnable and was evacuated, thanks to our strategy. Friday the Turks took two villages above and below the pass to the right of the Greeks. The battle opened with a furious artillery combat in which Turkish guns did great execution, pulverizing Greek opposition and preparing the way for the advance of our infantry. The artillery fire was extraordinarily accurate. Presently the charge was sounded and our troops advanced with impetuous ardor to the assault. They dashed forward with cries of "Allah is great; he will give us victory over the infidels," swept up the hill and before one had time to ask what they were doing they were in the Greek entrenchments and the battle was soon determined. Our losses were considerable. As our men went shouting up the hill they left many prone on the ground behind them."

The following is another account from the Greek side:

A bloody battle was fought yesterday at Mati and it ended in the total defeat of the Greeks. The encounter raged from dawn with the indecisive results until the Greek troops who had been defending Reveni with magnificent courage and doggedness for several hours were obliged to fall back. This step was inevitable for Gen. Mavromichaelis telegraphed to Colonel Smolentzki, who was in command, as follows: 'Dimopoulis beaten. Take what measures you see fit.' Thereupon Colonel Smolentzki fell back in fairly good order, but the superb way in which the Turks were swinging round their forces at once settled the issue of the day at Mati. Indeed, the Greek forces were entirely outflanked and fell back in confusion. The crown prince telegraphed for instructions to King George, who replied: 'If possible, defend Larissa; if not, do what the needs of the case impose.'

"It was then decided to abandon Larissa, and, indeed, was only just in time. Fortunately, many of its inhabitants had gone, but the scene was nevertheless a terrible one. The troops were pouring back in utter disorder from the front, bringing news that the Turks were following hard after them. It was almost a sauve-qui peut, but the higher military authorities did their best to save the guns and in this they were for the most part successful. Some heavy pieces of ordnance placed in position in the heights which cover Larissa and which would under ordinary circumstances have been held, had however to be abandoned but their breeches were carried off and the weapons thus rendered useless. The precipitancy with which the place was evacuated was intensified by the fact that the order to retreat was issued on Friday night and the preparations were going on all through the darkness.

"When dawn broke the work of carrying off the military stores, provisions and household effects was still being vigorously prosecuted, but the Greek general's family must have first considerations. About noon no one remained in the town save the prefect, several urban policemen and a few telegraph employes and they then prepared to start. It is supposed the Turkish troops occupied the town toward the evening.

"The news of this disaster and its consequence have caused an absolute consternation here, and it is impossible to say what may happen. People have not yet awoke to the full significance of the blow but the scenes everywhere are pitiable to witness. After the issue of the combat at Mati the Greek army fell back on its second line of defense at Pharsala. Order was gradually restored to a considerable extent but the general morale of the troops had received a serious blow."

GRANT'S TOMB

Will Be Dedicated at New York City Tomorrow.

President McKinley Left Washington This Morning to be Present at the Dedicatory Exercise.

NEW YORK, April 26.—Tomorrow's pageantry is being vividly forecast today on the streets of the city and on the waters that encompass the town. Many public buildings have been decorated with flags and bunting in honor of General Grant, the soldier-president, whose mausoleum is to be dedicated with ceremonies in which all the states of the union and many of the foreign governments will be represented. Every train reaching New York or Jersey City brings its hundreds of strangers to swell the throngs, already made more dense than usual by the earlier comers. The hotel corridors are crowded with uniformed officers of the army or national guards of the several states, and with the more gorgeously attired members of the staffs of the governors who have come as the special guests of the city. Thousands upon thousands flocked to the vicinity of the Grant tomb, on Riverside drive, to obtain a nearer view of the resting place of the nation's hero than will be possible tomorrow.

WASHINGTON, April 26.—Just at the scheduled time, the presidential train pulled out of the Sixth street station of the Pennsylvania railroad at 10:30 o'clock bound for New York with the distinguished party aboard, all the guests of the city of New York, to attend the ceremonies connected with the dedication of the Grant monument. The train was made up of seven coaches, and President McKinley occupied the last coach.

THREE OHIO MEN

Are Given Nice Positions Abroad by the President.

Bellamy Storer Made Minister to Belgium—Frank Benjamin Gets the Post Office at Terre Haute.

WASHINGTON, April 26.—The president today sent the following nominations to the senate:

BARN BLAZE.

Lively Fire on Hayden Street Sunday Morning.

Structure and Contents Destroyed—Dr. Harrod's Coupe Goes Up in Smoke—Three Hundred Dollars Loss.

Early Sunday morning the barn on the premises of Mrs. Bradshaw at 47 Hadden street, caught fire in some inexplainable manner, and although the department made a hurried run to the scene the structure was completely destroyed with its contents. Dr. Harrod's coupe, valued at $300, went up in smoke. He carried $200 insurance on the vehicle, but no insurance was held on the barn or the goods stored therein.

FIGHTING IN GREECE.

Angelo Kutche Who Formerly Lived in This City.

A. C. Aurentz, the confectioner, has received a letter from Angelo Kutche, who formerly conducted the Greek Candy store on Calhoun street, opposite the Cathedral, but who left some weeks ago to join the Greek army in their war against Turkey. The letter is dated at Athens and was mailed on April 10th. It announces his safe arrival and says that four days after he reached his old home he joined the Greek forces and was to go to Thessaly. "I go," he said, "to fight for Greece in the war against Turkey and I hope we will beat them."

LOCAL LINES.

Justice France united Chas. H. Klinefelder and Alice Hamilton in marriage.

W. A. Sprott, traveling freight agent of the Wabash, spent Sunday in the city.

J. W. Fahnstock and Harry Bash are hunting at Jackson Island in the marshes near Knox, Ind.

Miss Nellie Schock, of Decatur, Ind., is the guest of Mrs. H. P. Moses, of West DeWald street.

Mrs. Mary Lill has taken out a permit to erect a one story frame house at 247 St. Martin's street, to cost $550.

Mac Hoke, a fireman at No. 2 engine house, went to the Larwill sanitarium this morning. He is afflicted with rheumatism.

Born, to Mr. and Mrs. John Neufer, a daughter. Dr. Jacob Hetrick is now a grandfather and he bears the honor with great dignity.

Christian Piepenbrink has resigned as secretary of the Bruderliche Unterstutzungs Verein, and has been succeeded by Henry Guenther.

A. E. Thomas and Val Gutermuth are expected home this evening from Hazelton, Ind., where they have been gathering evidence of the death of W. H. Lange.

CITY HALL CHAT.

Sanitary Officials Want Free Street Car Rides.

City Officials Will Go to Loraine, Ohio to Inspect the New Filtering System—Clear the Sidewalks.

Clerk A. M. Schmidt has been instructed to request the Fort Wayne Consolidated Street Railway company to permit the sanitary policemen of the city to ride free on the lines of the company, upon showing to the conductor the official star. The city police already enjoy this privilege.

AN OFFICIAL TRIP.

A party consisting of Mayor Scherer, Waterworks Trustees McDonald, Bitler and Hartnett, Councilmen Tigar, Waltemath and Scheid, City Attorney Shambaugh and a number of newspaper men will go to Loraine, Ohio, this week, possibly Thursday, to inspect the new Jewell filtering plant recently completed in that city. By this system the water of Lake Erie is made pure and wholesome.

CLEAR THE SIDEWALKS.

Lieutenant Lapp stated this morning that he has instructions to enforce the ordinance relating to the obstruction of sidewalks, and all policemen have received similar orders. Some merchants have taken a great deal of liberty in this respect, going so far as to blockade three-fourths of the walk with goods. Hereafter the outside of the walk must be kept clear and only a small space next to the building can be used for the purpose of showing goods.

LAST AND BEST.

Series of Entertainments at the Y. M. C. A. Closed.

Complimentary Affair to Dr. Arthur Jones by the Gymnasium Class—Presented With Surgical Instruments.

The last of the successful Saturday evening entertainments was given last Saturday evening to a crowded house at the City Y. M. C. A. It was declared to be the best of the series. The affair was in the form of a complimentary farewell to Dr. Arthur Jones, who leaves today for Lima, Ohio, to locate in the practice of medicine. Through their spokesman, W. E. Clapham, the gymnasium class presented the young doctor with a case of surgical instruments. The entertainment opened with a selection by the Mandolin club, of which Fred Urbahns is the director. Tom Snook, Harry Stephan, Miss Whitney and Miss Worth assisted in rendering a very delightful musical program. The gymnastic part of the entertainment was well carried out, all of those participating in the different movements showing a splendid training.

TOO FRESH

Were These Young Sports From the Smoky City.

They "Talked Back" to the Mayor, Whose Ire Was Stirred to a High Pitch—In Jail They Languish.

Jacob Meyer, Lawrence McCabe and John Rhodes, young hoboes en route from Pittsburg to Chicago, were arrested in the Pennsylvania railroad yards yesterday for stealing a ride on a freight train. Officer Nicely arrested them and locked them up. At police court this morning the officer testified that the prisoners resisted him, and that one of them, while trying to escape, knocked him over. The mayor attempted to get some information from the young fellows, but they answered him insolently and for their pains the three hoboes from Pittsburg are now in jail, to serve an eleven-day sentence. The mayor has no disposition to lock up train jumpers who appear to be honest men hunting work, but fellows of this stripe he has no time for.

DOMINICK ROBBED.

Heartless Thieves Rald the Stand of the Peanut Man.

Two Boxes of Cigars and Other Goods Were Stolen and Dominick Wants the Thieves Hung on Sight.

"Dominick," the veteran peanut vendor of Fort Wayne, related a tale of woe to Superintendent Gorsline this morning. He wanted the whole police force turned out to hunt for the burglars who went through his fruit stand on Wells street, last night. When "Dominick" opened his stand this morning he found that two boxes of cigars and other parts of his stock were gone. He considers his loss a heavy one and wants the perpetrators of the deed hung immediately.

Y. W. C. A

Miss Barrett's Arrival—Her Talk Yesterday—Other Meetings.

Miss Barrett, who is to conduct special services at the Young Women's Christian association, arrived in Fort Wayne Saturday evening, and on that evening met a few of the workers in a brief preparatory service.

The service yesterday afternoon was a very wonderful one. Miss Barrett took as her subject, "The Will of God," and spoke very earnestly and searchingly.

Although the association is now in very commodious quarters, yet the rooms were very much crowded yesterday, and many young women went away unable to get in.

Miss Barrett will conduct a Bible reading at 4:15 each afternoon, and an evening service at 7:30 each evening except Wednesday and Sunday.

ELIZABETH HAYDEN.

Death of a Well Known Resident of This City.

Mrs. Catherine Winsche, one of the First Members of the St. Paul's Catholic Church Passes Away—Funerals.

Mrs. Elizabeth Hayden died at the residence of her son, John W. Hayden, in South Wayne, last Saturday evening. Her age was almost eighty-two years. The deceased was born at West Jefferson, Franklin county, Ohio, August 15, 1815, and she was of Scotch ancestry. She was married in 1833 to Isaac Hayden, and came with him to Indiana in 1848, settling in Kosciusko county. Two children were born to them, John W., of this city, and Emeline, who died in young girlhood. Her husband died in 1862, and soon afterwards she came to Fort Wayne, where she has since made her home with her son. She was a member of the Wayne street M. E. church, and until her advanced years made it impossible she was an ardent worker in religious and humane causes. She had the respect of everybody who knew her or who were familiar with her noble character. The funeral was held at 2:30 o'clock this afternoon from the residence, Dr. Henry W. Bennett, the pastor of the Wayne street M. E. church, officiating.

Mrs. Catherine Winsche, of 174 Jackson street, died of paralysis Sunday morning at the age of sixty-nine years and eight months. Deceased was born in Bavaria, Germany. She lived in Fort Wayne forty years and was one of the first members of the St. Paul's Catholic church. The children are Mrs. Frank Perry and Pauline and Charles Winsche. The funeral will be held tomorrow morning at 9:30 o'clock from the St. Paul's church.

The three months old daughter of Lillie Joseph, of Murray street, died of exhaustion.

Christopher Folger, of Marion township, died at 5 o'clock this morning, aged seventy-five years. Mr. Folger had resided in this country fifty-five years. Funeral Wednesday from the house and at the Williamsport cemetery later.

IN GOOD SHAPE

Are the Affairs of the Walther League in This District.

Interesting Meeting Held at Zion's Hall Sunday—Officers Elected—Reception Tendered the Visitors.

One hundred and fifty delegates attended the district meeting of the Walther league held in this city yesterday. The visitors were tendered a reception last Saturday evening at the Zion's school hall. Yesterday afternoon was held the business session. Herman Siemon presided and Nicholas Busch acted in the capacity of secretary. The reports of the various delegates and officers showed that the affairs of the league were in most excellent shape, the membership having a marked increase over last year and the financial condition of the organization being splendid. Officers were elected for the ensuing year as follows:

President—F. A. Klein, Fort Wayne.

Vice President—O. A. Grunau, South Bend.

Secretary—Nicholas Busch, Fort Wayne.

Treasurer—F. A. Schmidt, Mishawaka.

PENSION BOARD.

Dr. Bower and Dr. Hetrick Are Recommended for Places.

Senator Fairbanks Notifies Them—Some Speculation as to the Other Member to be Appointed.

Today Dr. G. B. M. Bower and Dr. Jacob Hetrick received from Senator Fairbanks letters notifying them of their selection to places on the pension examiners' board for Allen county. Their names have already been submitted for appointment upon the recommendation of Senator Fairbanks, and this is equivalent to having secured the job. It is not known who the other member will be but it is stated that Dr. George C. Stemen has the inside track.

IDENTIFIED.

A Dead Man Proves to be John A. Dittman.

DETROIT, Mich., April 26.—The body of an unknown German who shot himself to death in Windsor yesterday, was today fully identified as that of John A. Dittman, who last week killed his mistress, Nellie Bergin, in Detroit and escaped before his crime was discovered. Dittman had been working in Windsor as a gardner.

Our Duty to Cuba.

The joint resolution now before the senate of the United States recognizing the belligerency of Cuba is being pushed by Senator Morgan, who introduced it, but seems to be meeting with but very little success. Meanwhile, the Cubans are pressing themselves into places where we must take notice of them. Allowing for all exaggeration, there is certainly a conflict going on that is a disgrace to the western hemisphere, and our tacit acquiescence in its continuance is a standing shame to a people who were not slow in finding fault with the powers of Europe for their non-interference in the Armenian troubles of a year ago. While we have an Armenia at our own doors, we cannot well afford to find fault with the European powers for tolerating excesses in Armenia or Crete.

Just what sort of a government the Cuban insurgents have is not quite clear. That they have thorough military organization is witnessed even by the official reports of Spanish victories, in which we are told of all grades and ranks of Cubans killed from general down to corporal. That this military organization is abundantly able to cope with the Spanish arms in the way peculiar to Cuba is also abundantly evident.

What our duty is in view of the atrocious ways of the combatants and in the light of our uncertain knowledge is not quite clear. But it would seem that we should exercise strict neutrality. This we are far from doing. The Spanish come to us freely for dynamite, for barb wire for their famous trochas, and for supplies for their army. To the Cubans we deny these privileges. What they buy from us they have to smuggle away. In short we are not playing the part of the neutral and we cannot until we acknowledge the belligerency of the Cubans. We should go thus far at once.

The Base Ball Season Opens.

The base ball season will open in this city tomorrow and if the weather is fine a large crowd will no doubt be present to witness the game at league park between Fort Wayne and Toledo, two of the clubs of the Inter-State league.

A very large number of the readers of every daily newspaper are interested in the national game of base ball and they watch the news concerning it. For this reason The Sentinel has given proper amount of space to the movements of the clubs and players of the league to which the club from our city belongs and we will continue to do so until the season ends.

It is right and proper to manifest an interest in sports of this character. There is nothing wrong in base ball if played in the proper manner and at the proper times. It is a healthful, harmless amusement and one that affords those who witness the games a great deal of pleasure. It calls people out of doors and takes their minds, for the time being, from the worry and hurry of their business and better fits them for work when they return to it. The mind demands some diversion from the dull routine of daily toil and the witnessing of a game of base ball gives the relief sought.

There are some who are inclined to discourage base ball and other sports, but as long as they are played and conducted in a legitimate and proper manner, we can see no reason for doing so. They are not only countenanced but also approved by our leading colleges, all of which have base ball and other athletic sports, and, if the clerical gentlemen who have charge of those institutions can give them their indorsement, their course should recommend them to our favor.

The Fort Wayne club enters the league season, we understand, with a strong team of players and The Sentinel trusts that its career will be one of many victories and that it will close the season as the pennant winners.

The Greek Retreat.

After a week of hard defensive fighting on different portions of their line the Greeks have fallen back from Larissa to Pharsalia, twenty miles further south, taking up a strong position to check a continued advance of the enemy. If the Greeks were able to withdraw from Larissa with their army and material intact they have improved their situation. The Turks admit that they had marched 35,000 men through Milouna Pass, and this force was necessarily massed against the Greek right wing. It seems that the Turks attacked the Greek right repeatedly Friday evening, and crowded reserves upon it so fast that Prince Constantine decided to retreat Friday night. Larissa was never selected by the Greeks for a defensive stand, and in getting it the invader secures little, unless he has prisoners and munitions to show for a long series of assaults. The Turkish objective was the Greek army, and that is still ready for action at another and better point.

Pharsalia, where the Greek army is now concentrated, is situated in a famous historical region. It is a town in Thessaly, on a slope facing the north. On some eminences toward the east the Romans under Quintus Flavius defeated the Macedonians under Philip. The celebrated battle of Pharsalia, in which Caesar defeated Pompey, in the year 48 B. C., was fought on the plain adjoining the town. On this deliberately chosen ground, with the re-enforcements that are coming in, the Greek army can be solidified, and can also be used to better advantage offensively against advancing columns. Will the Turks press on at once? They showed extraordinary energy last week, but their main purpose failed. Their troops need rest, and the numerous roads between Larissa and Pharsalia must be cautiously reconnoitered. The decisive general battle is yet to be fought, and in avoiding it except on ground of their own selection the Greeks have done well.

It may be the Turkish policy to halt at Larissa. Their lines on communication are insecure, and though the Turkish soldier is willing to serve without pay and with the scantiest of rations, he can scarcely live on the country at this season of the year. It has been proven during the last few days that the Turkish army is a powerful fighting machine, but that was known before. That the Greek territory between Larissa and Pharsalia should be abandoned to the Turkish army is the one deplorable feature of the retreat, but it is hoped that there will be no such atrocities as have marked the former marches of Turkish armies in an enemy's country. As to movements along the western frontier and the operations of the Greek fleet, they have accomplished nothing conclusive as yet. The Bulgarians are in a threatening mood. Turkey is half surrounded by hostile people, and its failure to teach Greece a swift and terrible lesson will encourage other enemies to strike.

OUR NEW COURT HOUSE.

Description and Picture of the Building Given by a Chicago Newspaper.

The bids for the new court house of this county will be opened by the county commissioners on the 15th of May and the contract for its erection will be awarded on the 20th proximo. The Chicago Times-Herald published a picture of the new building in its issue of yesterday and in connection with it had the following to say:

"The new court house which is to be erected by Allen county is perhaps one of the finest public buildings in the state. For half a dozen years or more the question of a new court house has been one that has bothered this county, and at last, when it was decided to erect one, there was no small opposition to the project. Last year Matthew A. Ferguson, J. H. Stellhorn and Sylvanius Baker decided that a new court house was not only desirable but a necessity, and so the scheme took shape. The new building was selected from among a number of designs proposed by many architects. When finished it will have cost in the neighborhood of $1,000,000. The building will be of the Graeco-Roman style of architecture, and will be built of the finest blue Bedford stone, with marble trimmings. The location is in the heart of the city and it will stand for a century as a monument to the present generation. The court house proper will be 134 by 272 feet, but in addition there will be a power station three squares away, which will furnish, through a tunnel, the power to run the elevators, make the electric light and heat the building. Bids were opened in February, but the commissioners believed they were too high and readvertised, the new bids to be opened May 15 and the contract to be awarded May 20. Sculpture work has been provided for on the outer panels of the building, and there will be carved the busts of George Washington, Anthony Wayne, Little Turtle and Captain Allen, after whom the county was named. The scenes of some of the historical battles fought in this locality will also be carved on the panels. One of the great features of the building will be the courtrooms. There will be four of them, all inside rooms, with corridors and office rooms between them and the streets. The light is perfect and comes from the roof, without any side light whatever. The light from the dome is carried through the corridors and rotunda to the innermost corners of every stairway. The wood used in the interior finish will be of white oak, but there is so little wood in the design that the building is as nearly noncombustible as modern skill and knowledge can make it. The columns and pilasters in the basement will be of the Doric style of architecture, on the first floor of Ionic architecture and on the third floor Corinthian in style. The interior columns will be of scagliola and the interior walls will be of white marble throughout.

WILL TALK SEWER.

Mass Meeting of Lakesiders to be Held Tonight.

The Proposed Sewer Improvement Will be Placed Clearly Before the People—Objections to be Overcome.

W. D. Henderson, who acted as president of the meeting held last Tuesday evening, has called a meeting of Lakeside property owners for this evening, to talk sewer. The proposed improvement has not met with unanimous favor and it is the purpose of this meeting to present the matter clearly so that all objections can be overcome and the work commenced. Some people have been under the misapprehension that the assessment per lot would amount to nearly one hundred dollars, when in fact it will hardly reach more than thirty dollars. The majority of property owners favor the improvement and it is certain to go through. Tonight's meeting will be held in the Lakeside Sunday school room.

LOCAL LINES.

A. T. Stickler spent Sunday at Huntington.

Miss Mamie Steinbrenner is visiting at Decatur.

The Parliamentary Coterie elects officers this evening.

Miss Cora Saynor entertains the T. L. club at her home, on West Williams street, this evening.

Mrs. Geo. O. Russell, jr., and daughter, Velma, of Albion, Ind., are visiting friends in the city.

Mrs. William Harmon, of Arcola, is visiting her sister, Mrs. Henry Kiefer, of East Creighton avenue.

John Jacobs will read a paper on "State Interference" at a meeting of the Fortnightly club this evening.

Tomorrow evening Mrs. Mary L. Ford will address the members of the Society of Art at the Sons of Columbus hall.

Mrs. G. W. Mason, of Force street, has gone to Milwaukee to join her husband. They expect to make that city their future home.

Today is the 78th anniversary of the founding of Odd Fellowship in the United States and the local lodges will observe it with appropriate services.

The Kendallville Sun says: "Mrs. Jacob Reyher gave an "At Home" last evening to about twenty young ladies in honor of her guest, Miss Mabel Lawson, of Fort Wayne

Supt. F. J. Young conducted the monthly teachers' examination last Saturday afternoon at the Fort Wayne Business college. The attendance was unusually large and the examination was difficult.

Mrs. Florence Lisk, of New York, who has been the guest of her cousin, Mrs. E. W. Cook, of Indiana avenue, will leave for her home tomorrow. Mrs. Lisk has been spending a year on the Pacific coast and stopped here while en route home.

The Society of Art has decided on the subject of study for next year. It will be "Early Flemish and Dutch Art." Mrs. Clark Fairbank is chairman of the program committee and Mrs. O. P. Morgan, Mrs. R. T. McDonald and Miss McPhail are the other members.

Miss Nellie Griffith, of West Williams street, is able to sit up a little each day after an illness of nine weeks. Her first attack was grip, which developed into neuralgia of the heart and stomach. The last affliction was in its critical form, and for a time threatened to prove fatal.

Last Saturday afternoon, at the Wayne club, a tennis club was formed with Miss Elizabeth Knight as president. The charter members are Mrs. John Dougall, Misses Kate and Eva Beebe, Fannie and Jessie Winch, Katharine Hoffman, Bertha Heastis, Lillian and Emma Ash and Elizabeth Knight.

The Huntington News Democrat says: "Mr. and Mrs. W. H. Kenner have been entertaining as their guests Mr. and Mrs. Krumma of Fort Wayne and Mrs. Zintsmaster of Ohio. Today Mrs. Kenner, accompanied by her guests, went to Peru to visit over Sunday with Mr. and Mrs. George Robertson. The ladies are all sisters.

"PLAY BALL."

Inter State League Games Will Open Tomorrow.

Toledo Will Play on the Home Grounds—Assignment of Fort Wayne Players—Base Ball Notes.

The Inter-State gun will be fired tomorrow. The real championship contest will be on in earnest and the fans will be filled with supreme delight. A glance over the talent to be found in the league this year is evidence enough that there is going to be a good article of ball at every Inter-State city, and if there is not a good attendance the fault will rest with an unappreciative public. Let Fort Wayne do her share. Tomorrow Toledo will play in this city. The line up of the home team will be as follows:

Haggerty, third base; King, left field; Robinson, center field; McKivitt, right field; Cooke, short stop; Morrissey, second base; Kihm, first base; Campbell, catcher; Wayne or Derrick, pitcher.

RESULTS YESTERDAY.

The following are the scores of yesterday's games:

National League—Chicago at Cincinnati, rain; Cleveland at Louisville, rain.

Western League—Detroit at Columbus, rain; Kansas City, 14; St. Paul, 11; Minneapolis, 11; Milwaukee, 4.

TODAY'S GAMES.

National League—Chicago at St. Louis, Pittsburg at Louisville, Washington at New York, Boston at Philadelphia, Brooklyn at Baltimore, Cleveland at Cincinnati.

Western League—Detroit at Indianapolis, Grand Rapids at Columbus, Minneapolis at Kansas City, St. Paul at Milwaukee.

NOTES.

Dayton has shown up fine work in its practice games.

Sockalexis has made a hit in every game in which he has played with Cleveland this season. As much cannot be said of any other player on the team.

Youngstown Telegram: "Pete Haggerty is making a great hit with the Fort Wayne fans. Pete is a good fellow and his friends here will be glad to see him succeed."

The Inter-State league opens on Tuesday and games are scheduled as follows:

Toledo at Fort Wayne.
New Castle at Youngstown.
Dayton at Springfield.
Mansfield at Wheeling.

O'Connor, the Inter-State umpire, whose home is in Youngstown, begs President Power to keep him from umpiring in games at his own home. He wants to get away from the place long enough to free himself from the ill-effects of the winter he has just spent there.

The Toledo Commercial says there are likely to be some hot games in the Inter-State league this year, especially with the Toledo team. Torreyson's Dayton team has it in for Toledo; Fort Wayne never did have any love for the Toledoans and the Youngstown people haven't forgotten the drubbing they got at the hands of the locals last year when they thought they had the pennant "cinched."

Youngstown Vindicator: "Manager Scheible wears in practice, a dark green sweater, which he values very highly, because it was at one time the property of Danny Friend, now the fast twirler for the Chicago league club. Said Friend to John: 'Should I go into the big league Jack, you shall have the sweater to help you along. I think it a lucky one, and take good care of it. The garment will protect you from knockers and prove a hoodoo.' Scheible is wearing the sweater daily and says he has had nothing but good luck ever since his friend Danny gave it to him."

Duchess Is Not Dead.

London, April 26.—The Press Association, this morning, announced that a rumor was in circulation that the duchess of York, wife of the heir presumptive to the throne, died at Sandringham house at 3 o'clock this morning during confinement. An investigation of the report showed it was without foundation. Inquiries made at Sandringham elicited the statement that the duchess was quite well and it is understood that the alarming rumor, which spread all over London, originated yesterday in the announcement of the death of the dowager duchess of Bedford.

Pleaded Guilty.

Woman's Nerves.

Mrs. Platt Talks About Hysteria.

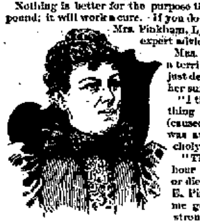
When a nerve or a set of nerves supplying any organ in the body with its due nutriment grows weak, that organ languishes.

When the nerves become exhausted and die, so to speak, the organ falls into decay. What is to be done? The answer is, do not allow the weakness to progress; stop the deteriorating process at once!

Do you experience fits of depression, alternating with restlessness? Are your spirits easily affected, so that one moment you laugh and the next fall into convulsive weeping?

Again, do you feel something like a ball rising in your throat and threatening to choke you, all the senses perverted, morbidly sensitive to light and sound, pain in ovary, and pain especially between the shoulders, sometimes loss of voice and nervous dyspepsia? If so, you are hysterical, your uterine nerves are at fault. You must do something to restore their tone.

Nothing is better for the purpose than Lydia E. Pinkham's Vegetable Compound; it will work a cure. If you do not understand your symptoms, write to Mrs. Pinkham, Lynn, Mass., and she will give you honest, expert advice, free of charge.



Mrs. Levi F. Platt, Womleysburg, Pa., had a terrible experience with the illness we have just described. Here is her own description of her sufferings:

"I thought I could not be so benefited by anything and keep it to myself. I had hysteria (caused by womb trouble) in its worst form. I was awfully nervous, low-spirited and melancholy, and everything imaginable.

"The moment I was alone I would cry from hour to hour; I did not care whether I lived or died. I told my husband I believed Lydia E. Pinkham's Vegetable Compound would do me good. I took it and am now well and strong, and getting stouter. I have more color in my face than I have had for a year and a half. Please accept my thanks. I hope all who read this and who suffer from nervousness of this kind will do as I have done and be cured."

The Waverley Bicycle

FIVE years of continued success have marked the progress of the Waverley Bicycle. Cycling and mechanical experts marvel at the workmanship of the '97 Waverley. It stands at the head of high-class wheels. Its bearings are made on a new principle, and are absolutely true. Cannot be sold for less than $100

Last year's Waverleys gave universal satisfaction. They were equal to any wheel, better than most. We continue their manufacture. The price of this grade—tried and true—has been reduced to $60, as we can make them without buying new machinery.

FACTS WITH POINTS.

Every One of These Statements Absolutely True

Mr. A. W. Sharper, 61 Prospect St., Indianapolis, Ind., says: "Gratitude prompts me to write that Stuart's Dyspepsia Tablets completely cured me of Nervous Dyspepsia from which I had suffered for the last four years. I had tried many remedies without results, but am now cured and have gained in flesh, sleep well and have none but words of praise for Stuart's Tablets."

Mrs. Sarah A. Skeels, Lynnville, Iowa: "It has been six months since I took Stuart's Dyspepsia Tablets and am fully cured. Have not had a particle of distress or difficulty since. This is in the face of the fact that I had suffered from stomach trouble for twenty-five years and was pronounced incurable by the doctors."

James Newmeyer, Eau Claire, Wis., says: "Two 50 cent packages of Stuart's Dyspepsia Tablets did me more good than any remedy I had ever before tried. They hit the spot with me and I once more have an appetite and can eat what I please without fear of distress and bloating afterward."

Dr. Harlandson relates the case of Miss Helen Stokes, of Nashville, who was cured of dyspepsia and gained 18 pounds in weight after suffering from stomach trouble for eight years. The doctor uses them in all stomach troubles because they are not a secret patent medicine, but contain pure pepsin, Diastase, fruit acids and valuable digestives, which digest the food whether the stomach works or not, gives it the needed rest and a cure is the natural result.

Dr. Jennison says nine-tenths of disease is caused by indigestion and Stuart's Dyspepsia Tablets is the safest and best cure, because they are not a secret patent medicine, but contain the valuable digestive principles needed by every weak stomach and a whole box would not hurt a child, being absolutely harmless.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.

Send to Stuart Co., Marshall, Mich., for little book on symptoms and treatment of stomach troubles.

The Findlay Reduces Its Force of Trainmen.

Mr. Barnes Preparing to Start the Smalley Works in Operation—Affairs at Depot and Office.

The retrenchment movement which seems to be pretty general over the country at present, has reached the Findlay, Fort Wayne and Western road, to the sorrow of some men who were employed thereon. This morning an order to reduce the number of trainmen went into effect and the passenger train which arrives here at noon will hereafter get along without any brakeman. The other passenger train will have one brakeman. The local freight has also dropped a brakeman on the west end of the line, but has two between Grovertown and Findlay. At the former place the east and the west trains meet and the extra brakeman exchanges one for the other, going back to Findlay. Dull business is the cause of this reduction in the train force and when traffic improves the men who are effected by it will be reinstated.

WILL RESUME BUSINESS.

E. A. Barnes went down to Plymouth at noon today to assume charge of the Smalley Bicycle works and place them in shape for the resumption of business. It is the intention to have everything ready for operation by next Monday, when it is expected to start up with a good force of workmen and keep them at it until all the unfinished wheels are complete and all the wheel material is worked up and put into marketable shape. Mr. Barnes will still retain his position as assistant superintendent at the electric works, dividing his time equally between those duties and his new ones at Plymouth. Henry Wolf, also of the electric works, went to Plymouth to take charge of the tool room at the Smalley works and Charles Becker goes as clerk. There will be an opening at the cycle factory for some skilled workmen when the works start up.

BRIEF MENTION.

The Northern Pacific will lay 400 miles of heavy steel rails during the coming summer and build 300 miles of right-of-way fence.

The Wabash pay car was in the city today.

The national convention of railroad commissioners will be held in St. Louis on May 11.

D. B. Kohler had the end of a finger cut off a few days ago, while operating a band saw at his bicycle supply factory, in the east end.

A. W. Dader, of the Pittsburg machine shop, reported for duty this morning after an absence of a month on account of an accident to one of his hands.

A. S. White, general manager of the Erie fast freight lines, has tendered his resignation, effective May 15, to become traffic manager of the American Tobacco company.

John Frain, Owen Barry and A. Rost have resumed their respective places in the Pittsburg blacksmith shop after a few days absence. Rost had been fishing at West Lake.

J. H. Knoll, a Pittsburg car inspector, who had been working at Plymouth in the place of an inspector who was sick, has returned to the city and resumed his old place.

A single eastern plant has sold 503,619 sets of automatic air brakes for freight cars. This number will equip about three-sevenths of all the freight cars in service in the United States.

It is rumored that W. J. C. Kenyon, formerly general freight agent of the Burlington, Cedar Rapids and Northern road, is to be appointed general agent of the Indiana, Illinois and Iowa road.

Foreman Joseph Slater, of the Bass blacksmith shop, has completed the work of setting up another triphammer in the works and the same was tested this morning. It works very satisfactorily.

D. N. Foster has commenced the manufacture of the furniture for the Wayne hotel. The work is being done at the Fort Wayne Furniture company's factory under the supervision of Nelson Bradley.

The foundation for William Moellering's fine house, on West Washing street, is nearly completed. Henry Hilgeman has the contract to do the carpenter work and is now busy getting the material ready.

Among the absentees from the Pittsburg car shops today are F. W. Heine, George Burchard, C. Doehrman and J. Reidel, all of whom are sick except Reidel, who is off on account of the wedding of his sister.

W. D. Reed has resigned a position in the Wabash boiler shop to re-enter the train service of the Grand Rapids and Indiana company. He will visit relatives in Ohio a few days before he goes to work on the railroad.

The Financial Chronicle computes the gross earnings of seventy-nine roads for the first week in April at $6,251,922, an increase of $102,075. Seventy-five roads during the second week of the same month earned $6,122,704, a decrease of $62,219.

The Nickel Plate railroad has large bills out announcing that another through passenger train each way will be put on when their spring time table is issued some time in May. This will make four passenger trains each way per day.

Cornelius Vanderbilt has returned to New York much improved in health and will, on the 6th of May, sail for Europe. President Depew, of the New York Central, had hoped to accompany him, but finds he cannot get away until about the 1st of June.

J. B. Armack, the electrician, left at noon today for Columbus, Ohio, where he will soon assume the duties of his new position. The position here vacated by Mr. Armack will be filled for awhile at least by W. Shorbondy, who was Mr. Armack's assistant.

General Manager Greene, of the Baltimore and Ohio railroad, has issued an order requiring all livestock to be watered and fed at least once every twenty-four hours. Yard Masters are to be held strictly accountable, and the penalty for violation is rather severe.

The summer Sunday train to and from Rome City, which made its initial trip yesterday, took 149 Fort Wayne people up to that resort. The party consisted chiefly of fishermen. Conductor Grace had charge of the train, which was hauled by engine 5, manned by Engineer David Bricker and Fireman A. Mills.

The Chicago, Burlington and Quincy is arranging to make its station agents crop reporters. Blanks are sent to all agents, who are to keep in touch with the leading farmers and grain merchants, and from them ascertain the real condition of crops, stocks on hand and other information which may be desired.

After a disability of nearly three months, Joseph Carry, the veteran blacksmith in the Pittsburg shops, was able to take his place at the forge this morning. Mr. Carry suffers with rheumatism, but the recent attack is the only one that kept him from his work any great time.

The Lake Erie and Western excursion to Cincinnati yesterday was a success in nearly every sense of the word. The train left this city with 150 passengers and went into Cincinnati with 750. It left here at 5 a. m. and reached the Queen city at 11:30. On the return trip it left Cincinnati at 7:30 and arrived here at 12:30, making the round trip without an accident or annoying delay. It rained in Cincinnati yesterday afternoon and the ball game which was billed for 2 o'clock was declared off.

Shortly after the machinery in the Bass blacksmith shop was set in motion this morning, the main sewer which carries the water from the steam hammers and boilers caved in, necessitating a suspension of operations until repairs can be made, which will probably be tomorrow.

Emil Deister, who had just completed an apprenticeship in the Bass machine shops, has quit that establishment to take a position in the draughting department at the Kerr Murray works. Mr. Deister has been studying draughting for several years, putting in his spare time in that manner, and he has become proficient in the art.

Repair work on gondola cars, which during the winter months is never very brisk, is now being crowded along as fast as possible at the east car shops. There is a good demand for gondolas in the coal region at present and the Fort Wayne shops has orders to repair what cars of this kind they have on hand and send them east as fast as possible.

Homer Smith, one of the best telegraphers in the country, has taken a position with the Nickel Plate and has been assigned duties in the yard office in the west end. Mr. Smith received the United Press telegraphic report in this city for the Journal for a number of years, but when that association went out of business he was temporarily thrown out of employment.

The $100,000 passenger station that the Baltimore and Ohio Railroad company is erecting in Baltimore, to take the place of the old Camden station, is being rapidly pushed to completion. The train shed will be ready for use, probably, by the first of May, and the rest of the structure will be thrown open to the public about June 1st.

The ball game at the Concordia college grounds last Saturday afternoon resulted in a victory for the Concordia team by a score of 9 to 10. The game was interesting from the start and was witnessed by a large crowd. It will be repeated next Saturday, when the shopmen hope to be in better shape. They play good ball but will play better when they have had a little more practice.

The east car shops today turned out baggage cars 610 and 612, combination car 617 and coach 638, which have been remodeled and revarnished, making them look like new. These cars go to make up one of the milk trains on the northern end of the Cleveland and Pittsburg road, having been built expressly for that service. The baggage cars are vestibuled and have floors constructed of steel.

Said a railway official: "The Foraker railway pooling bill, which is now before the United States senate, if passed, will probably place the railways on a more solid footing than they have been for years. It is not denied that prosperous railways make a prosperous country, and now that the supreme court has declared traffic agreements to be illegal, the railroads will either have to have a pooling bill or submit to an era of very disastrous rate cutting."

Something almost unheard of among railroad men happened a few days ago on the Chicago and Erie railway, to a fast freight. When the train reached Wilder's station it was noticed that the front trucks of a loaded car were gone. Upon further investigation it was found that the trucks had left the car at Kouts, and landed clear of the track without damage to the train, and the speed had kept the end of the car from dropping down and causing a fearful collision.

A WESTERN EMPIRE.

California's Vast Domain and Equally Vast Industrial Outlook.

California occupies on the Pacific slope a strip about two hundred miles wide, and extends in latitude from the southern line of South Carolina to the southern line of Massachusetts. To make up its area from the Atlantic States requires Connecticut, Rhode Island, New Jersey, Delaware, Maryland, Virginia, North and South Carolina, and to all this must be added, about 40,000 square miles from New York and Pennsylvania.

Laid off on the western side of the river in the Mississippi Valley it cuts off a small strip from Louisiana and takes in Arkansas, Missouri and Iowa. One other illustration: In the great San Joaquin Valley could be placed New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island and one half of Maine, and yet crowd but little on the foothills.

It is only by such statements as these that one can fully appreciate the size of the state, or form any just conception as to what its future must be. When its fertile valleys and hills shall teem with a population as dense as is that of the eastern coast, or when its acres of arable land shall all be occupied by an industrious and thrifty people, it is bound to become one of the greatest factors in this, our great commonwealth.

True, it is traversed through almost its entire length by two mountain chains, the Sierra and the Coast Range, but while these ranges contain considerable land not suitable for home-making, they also give great natural parks, like the Yosemite valley, containing the grandest scenery in the world, and what is of far greater importance they furnish an abundance of excellent timber, besides acting as great rain condensers, storing up in the deep canyons the needed water to make the valleys "blossom like the rose."

These ranges, particularly the Sierras, are dotted with innumerable lakes, some of them majestic in size and many at an elevation of more than 6,000 feet. Upon the outlets of these lakes, as well as upon the mountain streams, are waterfalls numerous and grand enough to challenge the admiration of even the most careless observer.

Year by year the rancher has crept higher and higher up the mountains, first to the foothills and later on in many cases to the very mountain tops, finding almost everywhere a geniality of climate and a fertility of soil that make these elevations quite as desirable for homes as are the valleys. And thus it follows that there is not so great an amount of waste land as might at first be supposed.

The uplands on the Coast Range, especially on the western slope, cooled during the summer by the ocean breezes and bathed in its fogs, make excellent grazing land, and here as well as upon the high meadows of the Sierras is found a typically good dairy country where "gilt-edged" butter can be made every day in the year.

In these localities, where the elevation does not exceed 4,000 feet, lies the real apple producing part of California, the fruit exceeding in size and equaling in flavor the choicest Eastern product.

Rapid as has been the tide of immigration during the past ten years it will be readily understood that there is yet an immense amount of good land not occupied. The settlements already made have been of the nature of crucial tests, demonstrating what are the possibilities in the several localities. There is yet productive desirable land enough left to furnish homes for a million people, and in no place in the world can an industrious, thrifty man with a small capital to begin with find a better place in which to cast his lot than in California. For literature descriptive of and rates and routes to California, address W. H. Neimyer, Gen. Western Agent, Southern Pacific Co., 238 Clark street, Chicago. 1763

Call on Your Family Druggist for Our Remedies.

Use the Double Treatment for Catarrh and Hay Fever.

The New Asthma and Cough Cure for Asthma, Bronchitis, Pneumonia, Coughs, Colds, Throat and Lung Troubles, and Hirons Vegetone for Constipation and Headache.

Catarrh, one of the most troublesome and dangerous diseases known to mankind, can in the large majority of cases, be permanently cured. Many who were victims to that disease have been cured, and many more are being cured. Double treatment for Catarrh does its work effectually; clearing it out of the head, driving it out of the blood, where it exists, and ever will exist, unless the health destroying virus is eradicated from the system. Cure it. For it is not only a constant discomfort, but a perpetual menace to life. Use the New Asthma and Cough Cure as the blood purifier, and the Speedy Catarrh Cure for the nasal treatment for Catarrh, and soon those troublesome and distressing symptoms will disappear. The constant dripping of the mucous into the throat, and the pain in the head will cease. The hearing, sight, smell, and taste will be restored.

HAY FEVER.

Hay Fever, or Hay Asthma as it is often called, is a combination of Bronchial and Nasal affections. The immediate cause and source of irritation being of external origin, attacking individuals during the months of May, June and August. The pollen of hay, dried grasses and rag-weed comes in contact with the nasal and bronchial membranes, involving all the air passages, causing immediate irritation, frequently disabling persons afflicted therewith. The great discomfort and suffering, say nothing of the the loss of life caused by this terrible disease, may be avoided by using Hirons' Double Treatment, which is a sure, safe and permanent cure. Commence using the medicine at once, and get your system in condition to resist the effect of these agencies upon the mucous membrane, thereby keeping the tissues in a healthy condition.

Testimonial From Ex-Judge of the Superior Court of Allen County.

Hirons Medicine Co., Room 3, Schmitz Block, City:

Having been a great sufferer from that most distressing disease, asthma, and having used your Asthma Remedy for the last few months, I can certify very cheerfully, that it has afforded me great relief, and I feel confident that in the majority of cases, will accomplish a permanent cure.

Respectfully yours,

A. A. CHAPIN.

What the Resident Manager of the Chicago Newspaper Union Has to Say.

The Hirons Medicine Co., Fort Wayne, Ind.

GENTLEMEN:—Your Mr. A. R. Hirons persuaded me to give your Double Treatment for catarrh a trial, and after having used it about 30 days, I can honestly say that the results have been very satisfactory. I have been a sufferer from the disease since childhood, and was so bad at times that the membrane would bleed constantly. By the use of your medicine I have stopped the bleeding, my head is greatly relieved, and I have no more difficulty with my breathing. Yours truly,

CHARLES D. TILLO.

Hirons' Medicine Co.:

GENTLEMEN: During the spring of 1896 I was troubled with a very trying cough. The irritation I suffered caused me very much uneasiness. Hearing of your New Asthma and Cough Cure, I was prevailed upon to try it. I bought one bottle only, and after taking about one half of it, found myself entirely cured, much to my surprise. I may say that we have so much faith in your medicine that we keep it continually on hand in case of emergency, and shall always take pleasure in explaining its valuable qualities to those of our friends who may suffer from coughs, colds or Bronchial troubles. Wishing you success, I am

Yours faithfully,

ALFRED GRINDLE.

Cured of Catarrh.

The Hirons Medicine Co.:

DEAR SIRS:—I am twenty-eight years old, had Catarrh all my life. For years my appetite was bad. I could not sleep well. I was becoming deaf. The disease in my head became so bad that one could hear the air escape from my ear. To sum it all up, the disease was killing me by inches. I heard of your double treatment for Catarrh and began the use of the medicine at once. After using eight bottles of your remedies, I am happy to say, that I have a good appetite, I sleep well, my deafness is cured, and I have gained sixteen and one-half pounds in four months. I advise every one who has Catarrh to give your medicine a trial.

WHERE MINES GROW.

Of late years silver production has outstripped gold. A different condition of affairs exists in the now renowned Kootenai country. While silver predominates in some localities there, yet the streams have placer gold in paying quantities, and at Rossland, in the Trail district, gold is king. Copper and iron are found and coal also, at some places.

The recent development of this region and of that contiguous thereto in Washington, has been phenomenal. Mines of exceeding richness, from the grass roots down, have been opened all over the mountains; railroads have been built into and through the country; steamboat lines on the lakes and rivers have been increased and expanded, and towns sprung up as if by magic.

The country is good for rich or poor, the climate is mild and bracing, and the scenery grand beyond description.

Among the prominent mining camps are Rossland, Nelson, Ainsworth, Kaslo, Slocan, Salmon River, Cariboo and Deer Park.

The mountains are well timbered, rendering fuel cheap, and living expenses are reasonable.

Smelters are located at several points contiguous to the mines.

The year 1896 witnessed a wonderful emigration to the Kootenai country, and it will be eclipsed by the record of 1897.

The direct route to this land of gold, from the east, is via the Northern Pacific railway to Spokane, Wash., and Spokane Falls and Northern railway from that point north.

West of the Rossland region lies the Boundary Creek country—practically a continuation of the former—of very rich promise but as yet of meagre development. South of the Boundary line, in Washington, is the "Reservation" country, a land also of promise.

A full description of the Kootenai region can be obtained by sending to Chas. S. Fee, Gen. Pass. Agent, N. P. Ry., St. Paul, Minn., for their new Kootenai Folder and elaborate relief map. This is the best map published of the Kootenai. m20-tf

NEWS NOTES.

C. A. Grimes is at South Whitley.

E. H. Coombs is at New York on business.

Mr. and Mrs. I. Mautner have gone to New York.

M. Baltes has returned from a business to Knox, Ind.

Miss Tillie Wolf, of Peru, is in the city for a month's visit.

Sol. D. Bayless lodge, F. and A. M., will have work tonight.

Ed. Ahern has returned to Springfield, Ohio, his former home.

Henry Freeman, of the First National bank, is at Washington, D. C.

Dr. E. L. Siver and family spent Sunday with Judge McClelland at Auburn.

Father John Quinlan, of the Cathedral, has been on the sick list several days.

Charles McDougal has gone east in the interest of the Paragon Manufacturing company.

L. E. Thayer left for the east Saturday night in the interest of the Fort Wayne Organ company.

Miss Myrtle Pritchard has accepted a position in the office of Morris, Bell, Barrett & Morris.

Mrs. Elvin Thornburg, who was visiting relatives in the city, has returned to her home at Richmond.

The Hibernian Rifles entertainment to be held at Library hall next Wednesday evening promises to be a big success.

Mr. and Mrs. W. L. Meyer and Mr. and Mrs. Theodore Meyer, of St. Louis, are here to attend the Strieder-Meyer nuptials.

The ladies of the First Presbyterian church will give a missionary tea at the residence of Mrs. H. M. Diehl, 49 Harmer street, tomorrow afternoon.

Mrs. Daniel Bovelheimer, of 167 West DeWald street, tripped over a piece of carpet at her home yesterday afternoon, breaking the bones of one of her great toes and bruising her knees and arms.

Miss Thompson gave her annual German to the pupils of her dancing class last Saturday evening at Schmesler's hall. Twenty-eight took part in the dances and it was a very pretty program. The favors were Japanese toys, fans, tambourines, etc.

The strict enforcement of the fish laws in several parts of the state probably have a strengthening effect in this locality. The illegal operations of fishermen for profit will soon be a thing of the past in and around Fort Wayne if the lovers of piscatorial sport show the interest that their neighbors have so effectively put in the matter.

C. Stahl, of Terre Haute, is at the Wayne.

A. B. Trentman left for New York last evening.

Hon. B. F. Beck, of Hammond, spent Sunday in the city.

H. K. Bragdon, of Montpelier, is registered at the Randall.

The First Regiment band will have a rehearsal this evening.

R. T. McDonald is in New Orleans looking after his extensive interests.

F. W. Bullerman and daughter, of Huntington, are visiting relatives.

The Chautauqua Circle will meet at C. E. Kendrick's office tomorrow evening.

Miss Elsie Martin, of Logansport, who was visiting friends in the city, has gone to Wabash.

Mrs. W. L. Carnahan and daughters, Louise and Clara, leave this evening for New York City.

Joseph Michaels, of 92 Force street, fell on a broken bottle and cut his wrist in a frightful manner.

Hon. Montgomery Hamilton and family attended the funeral of the late Congressman Holman at Aurora.

Fort Wayne chapter No. 17, R. A. M., will work in the past and most excellent degrees next Wednesday evening.

Walter and Edward Geake, who are employed on the new court house at Greenfield, are at home for a few days' visit.

Mrs. J. M. Henry, of Grace avenue, spent Sunday at Greenfield, Ind., where her husband is engaged on the new court house contract.

Mrs. Emmett Mitten, of Chicago, who was the guest of her parents, Mr. and Mrs. George Crosby, of West DeWald street, returned home today.

Hugo Weiss, of Wentworth, S. D., is visiting friends of bygone days. Mr. Weiss formerly resided here. He is now conducting a general store at his western home.

Christian Christianson, for the past four years a tuba player in the First Regiment band, left last evening for Argentine, Kas., where he will join the Lemen circus for the season.

John Kalisch, the Fairfield avenue barber, has returned from a fishing jaunt to Rome City. He says that the piscatorial sport at that resort is all that a fisherman could wish for.

Mrs. D. Bricker and Mrs. E. M. Hall will entertain the ladies and friends of the Simpson M. E. church, at the home of Mrs. Bricker, No. 25 Oliver street, Wednesday, April 28, from 3 to 6 o'clock p. m.

One of the employes of the county infirmary, while fishing in the St. Mary's river, near the institution last Saturday, caught a bass weighing twelve and a half pounds. This speaks well for the fishing advantages of this stream.

The next meeting of the Society of Art will be held in Sons of Columbus parlors tomorrow evening, and it will be Mrs. Mary L. Ford's last talk on "The Twelve Greatest Pictures in the World." Each member is entitled to take one guest.

Confirmation services were held at several churches yesterday. At Trinity Rev. John Hazen White, D. D., Episcopal bishop of the diocese of Indiana, preached in the morning and administered the rite of confirmation in the afternoon. At St. Mary's Catholic church a class was confirmed in the afternoon.

G. B. Keck has succeeded L. G. Bowman to the management of the Home Telephone company. Mr. Keck was for several years manager of the exchange at Akron, Ohio, and he comes well equipped with knowledge of the business. Mr. Bowman, the retiring manager, resigned to engage in business in Chicago.

Post A held their monthly meeting Saturday night, at their parlors on Calhoun street, and transacted routine business. F. Gilson, U. S. Shauff and F. Stone were appointed a committee on badges; F. E. Kibler, Abe Minsky, C. L. Curtis, John Hedges and Joseph Heit will attend to the base ball affairs of the Post during the season. After thoroughly canvassing the matter regarding the route to be taken to the state convention, it was decided to go by the Grand Rapids & Indiana and Panhandle railroads, via Ridgeville.

At the semi-annual conference of the Northern Indiana district of the German Baptist church, the fact has come out that the Dunkard colonies in North Dakota have been undergoing great hardships and privation, and those who went out from Indiana would be very glad to return. The conference now in session at Gelma, in Delaware county, has considered resolutions urging fellow-Dunkards to remain in Indiana and may provide the means for the return of those members of their order who joined the expedition to northern Dakota. Here they have found the conditions of life much more severe than in Indiana, and they have had to submit to hardships of which they had no anticipation.

Miss Agnes Seabrease is at Cincinnati.

The Lutheran schools reopened today after the Easter vacation.

Mrs. Matthias Mouper has been successfully operated on for appendicitis.

Miss Bertha Spellman, of East Berry street, is recovering from a severe illness.

Miss Stark, of Maples, who visited the public schools last week, has returned home.

M. H. Hohn, of New York, has been the guest of Miss Vera Kellogg, of West Jefferson street.

Charles Ganzer entertained a large number of his friends last evening at his home, 254 East Lewis street.

Mrs. H. L. Williamson, of Monroe street, is acting as substitute in the place of Miss Kate Abel, teacher in the Miner school.

A large audience heard Rev. J. L. Leeper at Westminster church last evening and were much interested in his illustrated discourse.

George Cressler, a student of the Huntstown school, returned to that institution today. He spent the Easter vacation here with his parents, Mr. and Mrs. A. D. Cressler.

Rev. Light, the eloquent minister of the Methodist church at Bluffton, will speak at the public district meeting to be held tomorrow night at the Wayne street M. E. church.

The many friends of William M. Culver, of this city, will be pleased to know that he is greatly improved in health. For several weeks he has been at the home of his father, at New Haven.

Yesterday, at Friedheim, in Adams county, occurred the marriage of Miss Louise Scheimann, daughter of Conrad Scheimann, to August Hartman, a prosperous farmer of this county. The groom is the son of ex-County Commissioner Hartman.

The Sons of Columbus lodge has completed the preliminary arrangements for their coming minstrel entertainment, and the artists who are to participate in the show are hard at work upon their "lines." This week there will be two full rehearsals at Library Hall. Messrs. Henry Zurbach and A. J. Passino have charge of this part of the work.

The audience that gathered at the Masonic Temple theater Saturday night to hear the great basso, Plunket Greene, was a large and fashionable one, and they are loud in praise of his wonderful singing. He is certainly a great artist. He is endowed with a voice of fine range, adequate power, rich and sympathetic, and is entitled to a place among the world's greatest and best vocalists. He was brought here by the Morning Musical and they deserve credit for furnishing our people with such a magnificent and enjoyable musical entertainment.

A CLUB CORNER.

A Talk Over the Cups.

In a cosy corner of the Union League Club dining room in Chicago the conversation of the diners took the form of a discussion on drinks at meals.

"I used to drink coffee at breakfast and lunch," one said, "and for about two years I had occasional attacks of neuralgia, sometimes lasting for ten days or two weeks, totally unfitting me for business while they lasted. I was under a physician's care for a long time but seemed to get no help until finally one day the doctor said he was convinced my neuralgia came from a hidden stomach difficulty and advised me to quit coffee entirely and use Postum Cereal Food Coffee, which he knew to be made of choice cereals and to have none of the drug effect of coffee. He also explained that Postum had in its make-up, certain elements of the grains that the human system demands with which to rebuild the gray matter in the nerve centers. Well, I found Postum all right for my coffee and, as sure as I sit here, I have never had a tinge of neuralgia since I quit common coffee. When Postum is boiled full fifteen minutes it is as black and rich as Mocha. They serve it here at the club and serve it very well."

Grocers will at times try to put off an imitation of Postum on the customer with the statement that it is "just as good as Postum." There is but one original Postum Cereal Food Coffee. Look for the red seals on the package.

Mrs. J. C. Peltier has gone to Detroit to visit friends.

L. O. Hull will give a "stag" party next Thursday evening.

Miss Hattie Johnson, of Chicago, is the guest of Mrs. E. E. Morgan.

Miss Amy Randall, of Avilla, is the guest of her aunt, Mrs. Amy Seavoy.

Home lodge No. 342, F. & A. M., will work in third degree tomorrow evening.

Theodore Haberkorn, of Grand Rapids, spent Sunday in the city with relatives.

Plymouth Brotherhood meets this evening in the lecture room of the Congregational church.

Albert Nill has sold his grocery business at Fremont, Ind., and will make this city his future home.

Miss Nellie Phelps, of Clay street, left at noon for West Virginia, where she will spend the summer.

A Word From Charles Yagerlehner, the Electrician.

The Hirons Medicine Company, Fort Wayne, Ind.

DEAR SIRS—I have had a bad case of catarrh for 14 years. There was a constant dripping of mucous into my throat. Every morning my nose, head and throat would be filled up. After a terrible siege of trying to remove the mucous I would become so sick that it was with difficulty that I could eat my breakfast. I had no appetite. The disease developed into bronchitis and dyspepsia. I read of your Double Treatment for Catarrh, and after having used your remedies for a short time, I can cheerfully say that now my appetite is good, I have no more trouble with indigestion, my throat is well, and my general health has not been as good for years.

(Signed)
CHARLES YAGERLEHNER.

Believes It Saved Her Life.

The Hirons Medicine Co.

GENTLEMEN:—I wish to tell you how thankful we are for the great good your medicine has done for our daughter, Mrs. John Metcalf. We sincerely believe that it saved her life. In November she had a bad case of LaGrippe, it left her with an awful cough. Our family physician informed her husband that she was threatened with consumption. We knew not what course to pursue, until one day when Mrs. Metcalf was reading your advertisement in the WEEKLY SENTINEL she resolved to try a bottle of your new Asthma and Cough Cure. After using the remedy for a short time she was able to sit up in bed. In two weeks she was up and around. Her cough ceased, and now she is entirely cured, and advises all who have lung or throat trouble to give your medicine a trial.

Yours Truly,
SAMUEL DOLLER,

KOUMISS is without doubt the finest beverage in the world, relished by sick and well, but to the invalid or convalescent it is a boon. It is borne well by the stomach when no other food can be taken. Many sick persons in various parts of the country are now living wholly, or in part on Koumiss, and I am in constant receipt of letters from both physicians and patients expressing the greatest satisfaction with it. Dyspepsia is often cured by the use of Koumiss; as a beverage it excels the malt preparation. Particularly efficacious in broken down nervous systems, and when the assimilating functions of the stomach have been impaired by disease. Bottle 25c.

Proposal to Receive Bids for Sale of Property.

I will receive sealed proposals for the purchase of lots Nos. [illegible] in Hamilton's 2d Addition to the city of Fort Wayne, being known as the Third Presbyterian church property at the corner of Calhoun and Holman streets, fronting [illegible] feet on Calhoun street by [illegible] feet deep to the alley.

Sealed proposals will be received at my office until 12 o'clock at noon, on the first day of May 1897.

The purchaser to bid on the lots and church building. We reserving from said sale the pews, carpets, musical instruments and books belonging to the church. We also reserve the privilege of rejecting any or all bids.

Parties bidding for this property will also please state the terms upon which they wish to pay for the property. Deferred payments to be secured by mortgage upon the property, at six per cent. interest payable annually.

S. C. LUMBARD,
Sole Agent.

You Have More Goods and More Money Both If You Come Here.

It's the Price

That makes people buy at this greatest of all Dissolution Sales. We have no patent on high grade and low prices; anybody can copy our methods, if they desire. The secret of our immense success is no secret at all. Give the people better values than anyone else can, and then you'll do the most business. That's why we are doing the bulk of the clothing business in Fort Wayne just now. When the other fellow is able to make lower prices, and give better qualities than we do, then he will do the bulk of the business. At present we are so far ahead, we fear the rest of them will not catch up this season.
